

## Provision of Services

Leighton Buzzard Voluntary Patient Transport (LBVPT) scheme is committed to providing an effective, quality and caring service to those clients who request help.

LBVPT drivers provide transport for people who are unable to use public transport. They take people to local hospitals such as Luton & Dunstable, Milton Keynes, Stoke Mandeville, Bedford, Amersham and High Wycombe.

LBVPT has a limited number of volunteer drivers and can only offer help when, and if, a driver is available on the day of appointments.

The Drivers' work is co-ordinated by the Call Handler.
